

BI301 Hermeneutics EE10 Application

Due Monday Dec. 3rd.

Based on all of your exegetical work in First Peter, write a 2 page paper on the application of your passage.

First, briefly describe the congregation/group to whom you may preach or teach this passage. (This description will most likely be based on your home church or the context of your student ministry. Counseling majors may describe a counseling situation, cross-cultural majors may describe a missionary situation etc.) Next describe how the passage would apply to that context based on the process and categories given in class.

The assignment will be graded on how faithful the application is to the text, how appropriate the application is to the context, and the evidence that you have understood and used the application process from class.
